the outcast of society that once found her place. She came, not as a guest, but as a rightful inmate, into the household that was darkened by trouble; as if its gloomy twilight were a medium in which she was entitled to hold intercourse with her fellow-creatures. There glimmered the embroidered letters, with comfort in its unearthly ray. The ruler, the peasant, the scholar, and the child, would be drawn to its light, and the right to be drawn to its shadow. The ruler would be drawn to the light, and the peasant, the scholar, and the child, would be drawn to its shadow. The ruler would be drawn to the light, and the peasant, the scholar, and the child, would be drawn to its shadow. The ruler would be drawn to the light, and the peasant, the scholar, and the child, would be drawn to its shadow. The ruler would be drawn to the light, and the peasant, the scholar, and the child, would be drawn to its shadow.

The rulers, and the wise and learned men of the community, were longer in acknowledging the influence of Hester's good qualities than the people. The prejudices which they shared in common with the latter were fortified in themselves by an iron framework of reasoning, that made it a far tougher labor to expel them. Day by day, nevertheless, their eyes were drawn to the scarlet letter as the token, not of that one sin, for which he had borne so long and dreary a penance, but of her many good deeds since. "Do you see that woman with the embroidered badge?" they would say to strangers. "It is our Hester,—the town's own Hester, who is so kind to the poor, so helpful to the sick, so [198] comfortable to the afflicted!" Then, it is true, the propensity of human nature to tell the very worst of itself, when embodied in the person of another, would constrain them to whisper the black scandal of bygone years. It was none the less a fact, however, that, in the eyes of the very men who spoke thus, the scarlet letter had the effect of the cross on a nun's bosom. It imparted to the wearer a kind of sacredness, which enabled her to walk securely amid all peril. Had she fallen among thieves, it would have kept her safe. It was reported, and believed by many, that an Indian had drawn his arrow against the badge, and that the missile struck it, but fell harmless to the ground. The effect of the symbol—or, rather, of the position in respect to society that was indicated by it—on the mind of Hester Prynne herself, was powerful and peculiar. All the light and graceful foliage of her character had been withered up by this red-hot brand, and had long ago fallen away, leaving a bare and harsh outline, which might have been repulsive, had she possessed friends or companions to be repelled by it. Even the attractiveness of her person had undergone a similar change. It might be partly owing to the studied austerity of her dress, and partly to the lack of demonstration in her manners. It was a sad transformation, too, that her rich and luxuriant hair had either been cut off, or was so completely hidden by a cap, that no shining lock of it ever once gushed into the sunshine. It was due in part to all these causes, but still more to something else, that there seemed to be no longer anything in Hester's face for Love to dwell upon; nothing in Hester's form, though majestic and statue-like, that Passion would ever dream of clasping in its arms; and nothing in her eyes, that the eye of the deity could look upon with love. She might have been the subject of a painter's admiration, or the object of a sculptor's admiration, but she was not the object of a lover's admiration, or the object of a sculptor's admiration. She might, in one of her phases, have been a prophetess. She might, and not improbably would, have suffered death from the stern tribunals of the period, for attempting to undermine the foundations of the Puritan establishment. But, in the education of her child, the mother's enthusiasm of thought had something to wreak itself upon. Providence, in the person of this little girl, had assigned to Hester's charge the germ and blossom of womanhood, to be cherished and developed amid a host of difficulties. Everything was against her. The world was hostile. The child's own nature had something wrong in it, which continually betokened that she had been born amiss,—the effluence of her mother's lawless passion,—and often impelled Hester to ask, in bitterness of heart, whether it were for ill or good that the poor little creature had been born at all. Indeed, the same dark question often rose into her mind, with reference to the whole race of womanhood. Was existence [201] worth accepting, even to the happiest among them? As concerned her own individual existence, she had long ago decided in the negative, and dismissed the point as settled. A tendency to speculation, though it may keep woman quiet, as it does man, yet makes her sad. She discerns, it may be, such a hopeless task before her. As a first step, the whole system of society is to be torn down, and built up anew. Then, the very nature of the opposite sex, or its long hereditary habit, which has become like nature, is to be essentially modified, before woman can be allowed to assume what seems a fair and suitable position. Finally, all other difficulties being obviated, woman cannot take advantage of these preliminary reforms, until she herself shall have undergone a still mightier change; in which, perhaps, the ethereal essence, wherein she has her truest life, will be found to have evaporated. A woman never overcomes these problems by any exercise of thought. They are not to be solved, or only in one way. If her heart chance to come uppermost, they vanish. Thus, Hester Prynne, whose heart had been so much shattered by the death of her husband, and who had long and drearily waited for the return of his remains, was one day sitting on the porch of her cottage, when a young man came to her. He was a stranger, and she knew not his name. He was a stranger, and she knew not his name. He was a stranger, and she knew not his name. He was a stranger, and she knew not his name. He was a stranger, and she knew not his name.
